

Turnitin.com Teacher Log In Information

Prepared by Ron Curtis of the English Department

To get started:

At the top left of the page click near log in click Create Account.

On the new page under New Instructors Start Here, click 3. Create a User Profile.

On the new page under Create a New Account, click Instructor.

On the new page under Create New Instructor Account, enter the following in the fields indicated:

In the Account ID box, enter: Your email address as per the Turnitin system

In the Join Password enter: The password from the Turnitin system

(It is simplest to copy and paste the Account ID and Join Password from the Turnitin email.)

Complete the remainder of the boxes on this page with your name, the email address you want to use with this system, a password you will remember (such as the password you use for LEA), and so on.

Once finished completing all boxes click the I Agree – Create Profile button at the bottom of the page.

You should now have created your account, so click Log In to Turnitin from the completed user profile page.

You should now be able to create classes and assignments, and submit assignments.

To submit an assignment you must first create a class and an assignment for that class.

To create a class click Add a Class; once in a class page click New Assignment to create an assignment.

When creating an assignment be sure to fill in the “MORE OPTIONS” info carefully.

To submit an assignment click on the assignment title.

Submitting an assignment is much like sending an email attachment.

Click the Submit button.

Click “single file upload”

Click the Browse button and select your file. Your file should be in Word format, but other formats may also be accepted.

Click the Upload button.

Review your file in the review panel to ensure you are submitting the correct text.

Click Submit again at the bottom of the page.

Your assignment should now be submitted.
